JOURNAL

OF

AGRICULTURE.

VOLUME XIII.

(July – December, 1916.)

GENERAL INDEX.

A.

Aberdeen-Angus beef, 335.
Aberdeen-Angus cattle exportations, 479.
Agriculture abroad, 420.
Agricultural improvement through education and experiment, 105.
Agricultural instruction and training, 336.
Agricultural shows, forthcoming, 251, 504.
Agricultural statistics of England and Wales, 428.
Agriculture, German and British compared, 338.
Agriculture, syllabus for degree of Bachelor in, 503.
An improved fireless chicken-brooder, 179.
Answers to correspondents, 77, 164, 248, 332, 415, 500.
Ante-partum paralysis of ewes, 365.
Apiary, the (monthly notes), 70, 156, 241, 325, 406, 491.
Apiary, wax-foundation-making for the, 114.
Area planted in commercial orchards, 506.
Arsenic-spraying for blackberry pest, 478.
Art of breeding live-stock, the, 431.

B.

Beach shells for liming, 166.
Beekeeping in outskirts of Wellington, 165.
Bees, a motor-car trailer for moving, 279.
Blackberry pest, arsenic-spraying for, 478.
Blackleg and its control, 121.
Blood as a fertilizer, 500.
Blood-scour in calves, 165.
Blown cow, treatment of, 501.
Board of Agriculture (meetings), 81, 418.
Bones, breaking down, 332.
Borer in fruit-trees, 415.
Breaking down bones, 332.
Breeding live-stock, the art of, 431.
Brown-fleck in potatoes, 79.
Burr-clover, eradicating, 416.
Bush-lawyer, control of, 335.
Bush-sickness investigation, 274.
Butter, control of price of, in New Zealand, 423.
Butter-factory management under home separation, points in, 17.
Butter, home-preserved, 501.

C.

Calf-management, 269.
Californian cheese in London, 255.
Californian thistle, smother-crop for, 249.
Castrating colts, 167.
Catlin's district mossbanks, the, 198.
Cauliflower-growing in Canterbury, 138.
Certificate-of-record cows, 47, 293, 360.
Certificate-of-record bulls, 126.
Cheese-packing, scale-boards in, 204.

Cheese, skim-milk, 502.
Cherry-trees, non-fruiting of, 501.
Chicken-brooder, an improved fireless, 179.
Clover-growing for seed, 263.
Cow, septic metritis in, 502.
Commercial intelligence, 83, 169, 255, 339, 428.
Commercial orchards, area planted in, 506.
Control of price of butter in New Zealand, 423.
Co-operative experiments at Matamata, 214.
Cover-crops, orchard, for the Moutere Hills, 472.
Cowpox in dairy herd, 500.
Cow-testing, certificate-of-record, 47, 293, 360.
Crop statistics, 252.
Cud, loss of, in cow, 415.
Currant-borer, 80, 165.

D.

Dairy companies and related manufactures, 169.
Dairy-herd-testing at Kaupokonui, 132.
Dairy stock, feeds and feeding for, 184.
Danthonia in New Zealand, 352.
Distemper in dogs, 332.
Dogs, distemper in, 332.
Drains, soft-bottomed, 334.
Drenching cows, 113.

E.

Earmarks, hereditary transmission of, 212.
Economies in farming practice, 367.
Eleagnus japonica, propagating, 248.
Ensilage from goat's-rue, 230.
Ensilage notes, 397.
Ensilage-pressing device, an, 287.
Eradicating gorse, 333.
Eucalypts, starting a plantation of, 78.
Ewes, ante-partum paralysis of, 365.
Exports, New Zealand, to Britain, 85, 171, 257, 343, 508.
Exports to United Kingdom, 429.

F.

Factors affecting methods of farm-management in the North Island, 1.
Farm, the, 76.
Farm garden, the (monthly notes), 73, 160, 244, 329, 409, 495.
Farm-management in the North Island, factors affecting methods of, 1.
Farming practice, economies in, 367.
Feeds and feeding for dairy stock, 184.
Feed crops for sheep, 250.
First humble-bees in New Zealand, the, 142.
Flax, culture of New Zealand, 334.
Forage crops, summer, for northern districts, 200.
Forestry for New Zealand, scientific national, 295, 375.
Forthcoming agricultural shows, 251, 344, 414, 504.
France and frozen meat, 339.
Fresh fruit, importations of, 341.
Frost-prevention methods, 78.
Fruit-preserving in the home, 356.

G.

Garden, the farm (monthly notes), 73, 160, 244, 329, 409, 495.
German and British agriculture compared, 338.
Glenhope uplands, trees for, 80.
Goat's-rue, ensilage from, 230.
Gorse, eradicating, 333.
Gourds, falling-off of young, 80.
Grading of "high-fair" New Zealand hemp, 428.
Grafting, 193.
Grafting oranges, 416.
Green-barley trouble among cattle, 104.
Growth of fruit-trees, 79.

H.

Hedge for pipeclay land, 250.
Hemp, grading of "high-fair" New Zealand, 428.
Herd-testing: dairy-herd testing at Kaupokonui, 132.
Hereditary transmission of earmarks, 212.
Home-preserved butter, 501.
Home separation, points in butter-factory management under, 17.
Honey in New Zealand, present and future sources of, 27.
Hops: importation into United Kingdom, 169.
Horse with chronic cough, 416.
Horses stamping, 248.
Housing of poultry, the, 97.
Humble-bees, the first, in New Zealand, 142.

I.

Imperial Government meat-supplies, 505.
Importations of fresh fruit, 341.
Importations of hops to United Kingdom, 169.

Improved fireless chicken-brooder, an, 179.
Intercultivation, 183.
Interim return of sheep, 83.

L.

Lambs, rearing motherless, 251.
Lambs, trouble in, after docking, 502.
Lemon-trees, manure for, 416.
Lemon-tree, non-bearing, 417.
Lime and liming in the South, 87.
Lime and phosphates for Hatuma district, 251.
Lime developments in the Wellington District, 255.
Lime for Bordeaux mixture, 332.
Lime-sulphur spraying compound, the, 52.
Lime-sulphur spray at Ruakura, the, 285.
Linseed, 333.
Live-stock in New Zealand, 252.
Live-stock, the art of breeding, 431.
Locust-bean, the, 471.
London market values, 84, 170, 256, 342, 430, 507.
London wool-sales, 83, 169, 255, 339, 428.
Lopping tree-tops, 250.
Loss of cud in cow, 415.
Lucerne notes, 232.
Lucerne and Californian thistle, 62.
Lucerne-culture in Central Otago, 62.
Lucerne for poultry, 64.
Lucerne-growing in Marlborough, 64.
Lucerne in Southland, 483.
Lucerne-growing for hard-pan conditions, 335.
Lucerne on stream-edges, 417.

M.

Mangel trials at Moumahaki, 141.
Manure for lemon-trees, 416.
Manure for mushroom-bed, 165.
Marketing poultry for the table, 56.
Market values, London, 84, 170, 256, 342, 430, 507.
Marton experimental area, 276.
Marton experimental plots, 145.
Matamata, co-operative experiments at, 214.
Meadow-foxtail midge, the, 459.
Meat-supplies, Imperial Government, 505.
Mere, champion heifer, 293.
Milk-fever (parturient apoplexy), 466.
Milk-testing samples, 500.
Milking-tubes, a warning, 178, 366.
Mossbanks, the, Catlin's district, 198.
Motor-car trailer for moving bees, a, 279.
Moving a hedge, 167.

N.

Neglected pruning, 332.
New Zealand exports to Britain, 85, 171, 257, 343, 508.
New-Zealand-flax culture, 334.
Non-fruiting of cherry-trees, 501.
Notes for sheep-farmers, 173.
Notes on soils analysed, 36.
Noxious weeds, information regarding, 418.
Nursery regulations, 82.

O.

Oats and wheat harvest, 254.
Oats for feeding and crop, 334.
Onion-culture, 281.
Open-air storage of seed potatoes, 51.
Oranges, grafting, 416.
Orchard cover-crops for the Moutere Hills, 472.
Orchard, the (monthly notes), 65, 149, 233, 318, 399, 484.
Orchards, registration of, 255, 340.
Orchard-tax Act, 168.
Orchard-tax Act Regulations, 339.
Orchard-tax collection, 255.

P.

Parasites in sheep, 226.
Parturition, notes on, 136.
Peas for sheep-fattening, 164.
Phosphates and lime for Hatuma district, 251.
Phosphatic "guanos," 166.
Pig breeds for long flitches, 166.
Pig-fattening foods, 415.
Pinus radiata timber, 166.
Plum-wine recipes, 482.
Points in butter-factory management under home separation, 17.
Potash in agriculture, 446.
Potato-blight, &c., control of, 250.
Potatoes, open-air storage of seed, 51.
Potato-scab, 77.
Potato-variety tests at Moumahaki and Ruakura, season 1915–16, 59.
Poultry, a raised feeding-trough for, 280.
Poultry-breeding, 249.
Poultry-feeding tests at Milton, 481.
Poultry, marketing, for the table, 56.
Poultry-run, the, 67, 152, 238, 321, 401, 487.
Poultry, the housing of, 97.
Present and future sources of honey in New Zealand, 27.
Pruning, neglected, 332.
Pumpkin-growing for sheep, 266.
Pumpkins, sheep on, 374.

Q.

Quarantine, stock in, 506.

R.

Raised feeding-trough for poultry, 280.
Raising *Cupressus macrocarpa*, &c., from seed, 167.
Rearing motherless lambs, 251.
Red-water in cows, 77.
Registrations of factories, &c., under the Dairy Industry Act, 1908, 83.
Registration of orchards, 255, 340.
Regulations, orchard-tax, 339.
Remedy for worms in horse, 164.
Rennet-making: saving of calves' vells, 224.
Root-knot, 259.
Rural credit in the United States, 420.

S.

Sanatorium paddocks, 125.
Sand-crack in horses, 78.
Saving tomato-seed, 78.
Scale-boards in cheese-packing, 204.
Scientific national forestry for New Zealand, 295, 375.
Seed-impurities, 208.
Seed-testing key, a, 129.
Seed-potatoes, open-air storage of, 51.
Septic metritis in cow, 502.
Sheep drafting, dipping, and shearing plant, a small, 228.
Sheep-farmers, notes for, 173.
Sheep in New Zealand, 253.
Sheep, parasites in, 226.
Sheep on pumpkins, 374.
Sheep statistics, 339.
Shelter-trees, 417.
Shows, dates of agricultural, 251, 344, 414, 504.
Skim-milk cheese, 502.
Small sheep drafting, dipping, and shearing plant, a, 228.
Soft-bottomed drains, 334.
Soils analysed, notes on, 36.
Soils, waterproof and wax-bearing, 289.
Sowing hedge seeds, 164.
Soya-bean variety test, 140.
Spray-testing at Arataki, 454.
Spring cultivation, 143.
Stock exported, 86, 172, 258, 341, 429, 506.
Stock slaughtered, 252.
Stock in quarantine, 86, 172, 258, 344, 429, 506.
Summer forage crops for northern districts, 200.
Swamp feed, 165.
Swelling in sheath of wethers, 334.
Swollen joints in calf, 249.
Syllabus for degree of Bachelor in Agriculture, 503.

T.

Tauhinu, eradicating, 417.
Tecoma capensis, propagating, 248.
Teeth trouble in horses, 166.
Thrush in horse's foot, 248.
Tomato-seed, saving, 78.
Trade inquiries, 169.
Treatment of blown cow, 501.
Trees for Glenhope uplands, 80.
Tutu, control of, 335.

V.

Vells, saving of calves', 224.
Vermorite, 332.

W.

Waterproof and wax-bearing soils, 289.
Wax-bearing and waterproof soils, 289.
Wax-foundation-making for the apiary, 114.
Weed-killer for garden paths, 333.
Wheat-rust, 41.
Wheat and oats harvest, 1916, 254.
Wheat and oats, estimated areas under, season 1916–17, 419.
Winter rhubarb, 144.
Wool, its growth and uses, 345.
Wool-sales, the London, 83, 169, 255, 339, 428.
Work for the coming month, 65, 149, 233, 318, 399, 484.

ILLUSTRATIONS.

Bush settlement in the North Island: Frontispiece, July. Page

A South Taranaki landscape 9

A lucerne crop at Moumahaki 13

Part of the Horticulture Division's Winter Show exhibit, 1916 26

Wheat-rust 42

Certificate-of-record cows—

Salma Johanna Lyons 48

Eminent's Maggie and Lenora 48

The open-air seed-potato benches at Moumahaki 51

The lucerne plot at the Milton Poultry-station 63

Looking into the poultry plant at Ruakura 80

One of the latest Taranaki cheese-factories 82

Young Holsteins and Shorthorns at Weraroa: Frontispiece, August.

Housing of poultry—

General sketch and cross-section of poultry-house recommended for 100 adult birds 98

Ground-plan of the poultry-house 99

Lay-out of poultry-house and runs for 100 birds 99

Showing arrangement of perches and dropping-board 101

Nests seen from interior of house 101

Nest-boxes opened from exterior of house 103

Wax-foundation making for the apiary—

The plain rolling-mill 115

The embossing-mill 117

Sheet of foundation mounted ready for hive 118

A wax-foundation-making workshop 119

Certificate-of-record bulls—

Eminent's Fontaine 127

Eminent's Sherry 127

Eminent's Mozelle 128

Dairy herd-testing at Kaupokonui—

The Kaupokonui Association's testing-room 133

Mr. J. Imlah's Popsy de Kol 135

Mr. G. A. Berry's Creamy 135

Cauliflower-growing in Canterbury—

Some of the Willowbridge cauliflowers 138

Mr. W. R. Grant's 10 acres of cauliflowers at Willowbridge 139

Winter rhubarb at Arataki Horticultural Station 144

Pioneering: Frontispiece, September.

An improved fireless chicken-brooder—

The brooder 180

The brooder with drawer partly closed 180

The hover frame 182

The hover complete 182

Grafts 195

A mossbank area 199

Scale-boards in cheese-packing—

Cheese from a North Island factory, packed with scale-boards. Condition good 205

Cheese from the same factory, packed without scale-boards. Showing damage due to the cheese adhering to the case-timber 205

Cheese on left packed with scale-boards 206

Cheese on right from same shipment, damaged through non-use of scale-boards 206

Page
Ears of calf born with earmarks 213
Co-operative experiments at Matamata: Graph showing data of manure-quantity experiment 220
Rennet-making: Diagram indicating method of saving the vell 225
Small sheep drafting, dipping, and shearing plant 229
Ensilage from goat's-rue—
Feeding out the goat's-rue ensilage 231
Goat's-rue on boundary-line. Clear paddock across fence grazed with sheep 231
An Akaroa homestead: Frontispiece, October.
Bringing in wattle-bark at Te Kauwhata 262
Sheep on pumpkins, Wairakaia, Gisborne 267
Mr. Gibb's bee-transport trailer 279
Raised poultry-trough 280
Ensilage-pressing device 288
Certificate-of-record cows: Mere (champion heifer) 293
Scientific national forestry for New Zealand—
A good-sized kauri in Mr. J. Trounson's bush near Kaihu, Northern Wairoa 298
Large rimu near Lake Ianthe, Westland 303
Dense stand of white-pine. Cleaned patch at Ferguson's, Westland .. 307
Red-beech (*Fagus fusca*) forest, Paradise, near head of Lake Wakatipu .. 313
Shearing-time: Frontispiece, November.
Danthonia in New Zealand—
Seed of *Danthonia semiannularis* (small-seeded danthonia) 353
Seed of *Danthonia pilosa* (large-seeded danthonia) 353
Certificate-of-record cows—
Snow Queen's Fancy (Jersey senior two-year-olds) 361
Monavale Nobeltje Veeman (Friesian senior two-year-olds) 361
Scientific national forestry for New Zealand—
Rimu and white-pine forest, Great South Road, Westland 379
White-pine near Ferguson's, Westland 385
Average millable rimu in the Westland forest 391
View in Government Nursery, Rotorua. Eucalypt plantation in background 395
Tiki, dam of the champion heifer Mere 398
Summer: Frontispiece, December.
The art of breeding live-stock—
Some varieties of pigeons 433
Thoroughbred stallion, Diamond Jubilee 437
Shire stallion, Birdsall Menestrel 437
English Shorthorn cow, Sweetheart 441
Jersey cow, Lady Viola (England) 441
Black Orpingtons, Milton Poultry-station 445
The meadow-foxtail midge—
Meadow-foxtail midge: imago stage 460
Foxtail-heads 460
Foxtail-midge in pupa stage 463
Larvæ of foxtail-midge 463
Cluster of foxtail-midge eggs at base of seed 464
Orchard cover-crops for the Moutere Hills—
Plan of test 473
Ploughing white mustard on manure No. 2 475
White mustard on manure No. 3 475
White mustard on land dressed with lime only (No. 6) 475
White lupin on untreated land (No. 7) 476
White lupin on manure No. 4 476
White lupin on land dressed with lime only (No. 6) 476
Poultry-feeding tests at Milton—
Brown leghorns—Pen No. 4 481

Bush Settlement in the North Island.
